

THE BICYCLE STALKER

By Richard Tornello © 2012

Bicycle stalker, riding slowly by.

She, window shopping,

window looking

plate glass, reflecting

silent on his seat and ass.

Bicycle stalker

follows close behind

watching,

her walking

and

cell phone talking,

while in the shadows _____> glides.

Bicycle stalker follows

not to be noticed, seen.

(Never stares directly),

Gilding,

quite, cogs and gears.

Knows how to use the screens.

Bicycle stalker,

“Mom, wait up!”
