

HEAVY SEMI SLUMBER

Married life #2

By R. Tornello © 2007

A Kenworth, a Mack, Peterbuilt few.
Volvo rolls on, Mercedes limps too.
GM builds many, so does our FORD.
The badges are many, I'll never get bored

Diesels I know from life on the road.
Muffled, un-muffled, Air Brakes and more.
Exhaust tunes distinct, yet some are so quiet.
When they sneak up and honk ya,
they surprise ya for sure!

Living at home, oh why must I suffer,
with a wife..... whose snores,
beats all mentioned upper.
It's like sleeping on hi-ways:
then Truck Nightmare A-Wakes!
But It's only..... dear wife
Applying..... J-brakes.
